Policy Aims and Principles

This policy outlines the framework for the academy to meet its duties and obligations to provide a high-quality education to all its students including students with special educational needs and / or disabilities.

The range and degree of learning difficulties, behavioural problems, physical or sensory disabilities that might be found in a typical class can be considerable, and it is recognised that this situation exists at Oasis Academy Wintringham.

The aims and objectives of the SEND Policy relate directly to those of the Academy, and are also based on the values derived from and are guided by the requirements of the various Acts of Parliament and guidance published pertaining to SEND and the 2014 Code of Practice.

The Code of Practice (2014) states:

“A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her”.

A child of compulsory academy age or a young person has a learning difficulty or disability if they:

- have significantly greater difficulty in learning than the majority of others of the same age;

- have a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream academy's or mainstream post-16 institutions.

A special educational provision is provision that is different from or additional to that normally available to students or students of the same age, which is designed to help children and young people with SEN or disabilities to access the National Curriculum at academy or to study at college.

Terminology

The term 'parents' is employed throughout this policy and elsewhere to refer to any parent, guardian or other responsible adult in 'loco parentis'.

Aims

The aims of (Oasis Academy Wintringham) are:

- To endeavour to provide exceptional intervention to meet the needs of any student who holds an Education Health and Care Plan (EHCP), in collaboration with colleagues, other professionals, the young person and the parents.
- To carry out Annual Reviews of students with an EHCP ensuring that both student and parent views are involved in the target setting and review process.
- Delivery of SEN provision will remain the responsibility of the Teacher, and Special Education Needs Co-ordinator (SENCO). Plans will be monitored by the SENCO, to ensure the needs of all students with SEND are shared with relevant members of staff.
- To regularly review provision for students with 'SEN Support'.
- Wherever possible, to ensure full entitlement and access for SEND students to high quality education within a broad, balanced and relevant curriculum.
- To educate students with SEND alongside their peers within the normal curriculum of the Academy after giving due consideration to the necessity to meet individual needs.
- To stimulate and/or maintain student curiosity, interest and enjoyment in their education.
- To enable SEND students to be familiar with a body of knowledge, skills, principles and vocabulary in order for them to lead full and productive lives. The curriculum must be suitable to promote intellectual, emotional, social and physical development in order that students can develop as valuable members of society both now and in the future by encouraging social skills such as politeness, initiative, independence and safety awareness.
- To identify and assess students with SEND as early and thoroughly as possible and necessary, through a programme of rigorous testing, this will include reading and comprehension skills and mathematical reasoning.
- To provide concise SEND information, which will be updated and reviewed on a regular basis and made accessible to staff.

- To disseminate good practice through the electronic SEND folder, which contains detailed information about specific needs and ways of meeting those needs in the classroom, this will also include specific training for new staff within the academy.
- To fully involve parents and students in the identification, assessment and delivery of SEND and to strive for close cooperation between all agencies concerned and for a multi-disciplinary approach to the resolution of pertinent issues. When considering the attainment of the child, age and levels of understanding will be considered.
- To meet the needs of all students who have SEND by offering continual and appropriate forms of educational provision by the most efficient use of all available resources.
- To support and advise teaching staff of their responsibilities towards SEND students.
- To implement a programme of Continued Professional Development (CPD) for teaching and support staff.

- Parents will always be formally notified when the academy provides their child with SEND support.
- Decisions on whether the academy will commission added provisions will be discussed thoroughly with the LA, parents and, when/where appropriate, the student involved.
- Decisions about education will not unnecessarily disrupt a student's education or any health treatment underway.
- The planning that name of academy implements will help parents, children and young people with SEND express their needs, wishes and goals, and will:
- Focus on the student as an individual, not their SEND label.
- Be easy for children, young people and their parents to understand and use clear, ordinary language and images, rather than professional jargon.
- Highlight the student's strengths and capabilities.
- Enable the student, and those who know them best, to say what they have done, what they are interested in and what outcomes they are seeking in future.
- Tailor support to the needs of the individual.
- Organise assessments to minimise demands on families.
- Bring together relevant professionals to discuss and agree together the overall approach.

Arrangements for SEND provision

8.1 Under the new Code of Practice, there are now 4 distinct categories of SEND, these are:

- Communication and Interaction (CI)
- Cognition and Learning (CL)
- Social, Emotional and Mental Health (SEMH)
- Sensory and Physical Needs (SPN)

The Academy's SEND Co-ordinator (SENCO) is responsible for the day-to-day operation of the SEND policy. The Principal has overall responsibility for SEND matters.

All teachers are teachers of students with SEND and as such are key to the delivery of differentiated provision for students in their subject areas.

The SENCO co-ordinates the work of Learning Support Assistants (LSAs). The LSAs provide in-class support to individual students or for small groups of students with similar difficulties. All help in the delivery and re-enforcement of any individual learning programmes. All cover supervisors are expected to support SEND students if they are not taken for cover.

The nature and extent of intervention and support and the contents of Provision Maps are determined by:

- An EHCP
- Concerns expressed by staff
- Advice from external agencies
- Collaboration with students and parents

Provision is made for those students with physical disabilities. Every effort is made to ensure the provision of necessary equipment and furniture for those students who require it.

Allocation of Resources

SEND funding is based on key stage prior attainment of year 7, free academy meals and the Index of Multiple Deprivation. There is also funding for LAC and for Student Premium.

Identification, assessment and provision

The Academy uses the following systems for the early identification and assessment of SEND students:

- Liaison visits to feeder academy's during the spring and summer terms by the lead SENCO.
- Extra Induction days for SEND students in the summer term.
- Parent meetings
- Expressions of concern from members of staff
- Information gathering from previous schools for late arrivals

- Access Arrangement to ensure that these are in place where and when needed and that it is the student's normal way of working.

In all cases relevant information is circulated to all staff at the earliest opportunity to inform lesson planning and differentiation.

Students are categorised by either:

- Education Health and Care Plan
- SEN support
- No SEND support

EHCPs are reviewed annually with staff, parents, student and relevant outside agencies; meetings being convened by the Academy. The annual review in Year 11 is particularly significant preparing for a student's transition to employment, further education, work-based higher education and adult life. The aim of the annual review in year 11 and in subsequent years is to review the young person's EHCP and draw up a Transition Plan to Further Education. Intervention strategies are reviewed with staff, parents, the student and relevant outside agencies at the end of each cycle.

These reviews inform future planning.

Procedures and processes

Admissions

The Academy will ensure it meets its duties under the Academy's Admissions Code Practiced by:

Not refusing admission for a child that has named the school in their EHCP unless it will be detrimental to the education of other students in the academy.

Adopting fair practices and arrangements in accordance with the school admission code for the admission of children without an EHCP.

Considering applications from parents of children who have SEN but do not have an EHCP.

Effective planning should help parents, children and young people with SEND express their needs, wishes and goals, and should:

- Focus on the child or young person as an individual, not their SEND label
- Be easy for children, young people and their parents to understand and use clear ordinary language and images, rather than professional jargon
- Highlight the child or young person's strengths and capacities
- Enable the child or young person, and those who know them best, to say what they have done, what they are interested in and what outcomes they are seeking in future
- Tailor support to the needs of the individual
- Organise assessments to minimise demands on families
- Bring together relevant professionals to discuss and agree together the overall approach

Joint commissioning, planning and delivery

The academy will collaborate with the local authority in the exercise of its duty to work together with health and social care providers by identifying improved system outcomes in consultation with students and their parents, taking into account:

- Identifying improved system outcomes in consultation with students and their parents/carers by:
- Taking early steps to prevent discrimination and hardship.
- Ensuring early identification/recognition.
- Enabling access to services for students and their families.
- Establishing how transitions between life stages and settings will be managed, including from early years to primary education, primary to secondary, and secondary to further education (FE).
- Establishing how provision and support services will enable students to prepare for their future adult life.
- The academy will draw on the wide range of local data sets about the likely education needs of children and young people with SEND to forecast future need, including:
 - Population and demographic data.
 - Prevalence data for different kinds of SEND and disabilities among children and young people at the national level.
 - Numbers of local children with EHC plans and their main needs.
 - The numbers and types of settings locally that work with or educate children with SEND.
 - An analysis of local challenges/sources of health inequalities.

The academy will plan, deliver and monitor services against how well outcomes have been met, including, but not limited to:

- Improved educational progress and outcomes for children and young people with SEND.
- Increasing the proportion of children with SEND whose needs are identified prior to academy entry.
- Where students with SEND also have a medical condition, their provision will be planned and delivered in coordination with the healthcare plan.
- SEND support will be adapted and/or replaced depending on its effectiveness in achieving the agreed outcomes.

Funding

The Academy will allocate the appropriate amount of core per-person funding and notional SEND budget outline in the local offer for the SEND provision of its students.

Personal budgets are allocated from the local authority's high needs funding block and the Academy will continue to make SEND provision from its own budgets, even if a student has an EHCP.

Local Offer

The Academy will cooperate generally with the local authority and local partners in the development and review of the local offer. Details of the local offer may be accessed on the Academy's website.

Identification

To identify students with SEND, the Academy will:

- Assess each student's current skills and levels of attainment on entry
- Make regular assessments of all students to ensure that the intervention:
- Ensures that the child's progress is like that of their peers starting from the same baseline
- Matches or betters the child's previous rate of progress
- Closes the attainment gap between the child and their peers
- Prevents the attainment gap growing wider

The academy will provide extra support to students falling behind or making inadequate progress given their age and starting point.

Assess whether a student has a significant learning difficulty where students continue to make inadequate progress, despite high-quality teaching targeted at their areas of weakness.

- The identification of SEND is also built into the overall approach to monitoring the progress and development of all students, as outlined in our Assessment Policy.
- If a parent/carers believes their child may have SEND, they should make the academy aware.
- The academy will provide extra support to students falling behind or making inadequate progress given their age and starting point.
- Where students continue to make inadequate progress, despite high-quality teaching targeted at their areas of weakness, the academy will assess whether a student has a significant learning difficulty.

Graduated Approach

The academy will, once a potential SEND has been identified, employ a graduated approach to meeting the student's needs, including:

- Establishing a clear assessment of the student's needs
- Planning with the student and student's parents, the interventions and support to be put in place, as well as the expected impact on progress, development and behaviour, along with a clear date for review
- Implementing the interventions, with support of the SENCO
- Reviewing the effectiveness of the interventions and making any necessary revisions

Waves of provision

		Shows signs of difficulty in developing literacy or

Assessment

The Academy will, in consultation with the student's parents, request a statutory assessment of SEND where the student's needs cannot be met through the resources normally available within the academy.

Consideration of whether SEND provision is required, and thus an EHC plan will start with the desired outcomes and the views of the parents/carers and student.

The Academy will meet its duty to respond to any request for information relating to a statutory assessment, to the local authority, within six weeks of receipt.

If the decision is taken not to issue an EHCP, the Academy will consider and implement the recommendations of feedback from the local authority, regarding how the student's outcomes can be met through the Academy's existing provision.

In tracking the learning and development of students with SEND, the academy will:

- Base decisions on the insight of the student and their parents/carers.
- Set students stretching targets.
- Track their progress towards these goals.
- Review additional or different provision made for them.
- Promote positive personal and social development outcomes.
- Base approaches on the best possible evidence and ensure that they are having the required impact on progress.

Detailed assessments will identify the full range of the individual's needs, not just the primary need.

Where possible, students' needs will be defined under the SEND Code of Practice broad areas of need:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and/or physical needs

Where a student continually makes little or no progress, or is working substantially below expected levels, the academy will consult with parents/carers before involving specialists.
