OCL R.E. Curriculum: Long Term Plan

Formatting Notes: Core knowledge (substance). Knowledge referencing sources of wisdom and authority (tools). Knowledge referencing personal viewpoint (lenses).

Brief overview: Year 7

In Year 7, OCL pupils will build upon the knowledge of world religions (aka "the Big 6") acquired in primary school through the disciplinary study of three key questions – *What is it to be human*? *What do faith stories tell us about God*? *How do we know what we know*? These themes are sequenced in such a way as to allow learners to continue to build a developed mental schema of the **Abrahamic faiths** and a **Dharmic Faith** (this can be contextualised by individual Academies but Sikhism has been selected for planning purposes here) and to build foundational schema of the three different disciplines which make-up RE. Here pupils will be introduced to the concepts and ways of knowing which underpin RE, in addition to being challenged to locate and describe their own lenses. Additionally, learners will start to make the important connections between different worldviews and will start to appreciate how belief drives behaviour and choice.

In Year 8, OCL pupils will be challenged to examine three more 'Big Questions' rooted within the different disciplines of RE: *Can we convincingly argue that God exists? Is there purpose to human suffering? Does religion really bring social justice?* These themes are sequenced in such a way as to allow learners to continue build a mental schema of the **Abrahamic faiths** and a **Dharmic Faith** (**this can be contextualised by individual Academies, but Sikhism has been selected for planning purposes here**) and to expand schema of the three different disciplines which make-up RE. Throughout Year 8 progressively more complex theology is examined, explored and applied, developing both religious and philosophical literacy.

Year 9 builds upon substantive knowledge acquired in Years 7 and 8 through the study of three final 'Big Questions': *How do we make moral decisions? Is religion a cause of conflict or a force for peace? Is all life equally special*? Here they can make links with previous learning on suffering and social justice, whilst posing ever more challenging questions about human belief and behaviour, considering for example, whether religion causes, complicates or heals conflict. Learners will be guided towards increasingly more sophisticated moral debate through the study of medical ethics. This is a foundational skill for further study at KS4, whether through the Core or the GCSE route.

The Religious Education Core Curriculum is built around the EDUQAS Route A Short Course. This curriculum is designed to be taught on 1 hour per week, ideally as a discrete lesson. Two religions are studied as part of this course: Christianity and one other world faith. The second religion can be adapted to suit individual contexts. For planning purposes Islam has been selected as the second religion. In Year 10 pupils will explore a number of religious, ethical and philosophical issues and the moral questions that surround them. For each issue, pupils will examine both religious and non-religious viewpoints and seek to understand the diversity of interpretation, belief and practice that exists within individual faiths. Relevant sources of wisdom and authority will be analysed throughout with differing interpretations explored to ensure diversity both within and between faith is honoured.

Year 11 builds upon substantive knowledge acquired in Year 10 through the discrete study of Christianity and a second faith (Islam). Pupils will explore key Christian beliefs and teachings about the nature of God, the incarnation, crucifixion and resurrection of Jesus, salvation and the afterlife. They will move on to examine core Islamic beliefs and teachings about the roots of faith, the nature of Allah, angels, prophets, and the afterlife (akhirah). Relevant sources of wisdom and authority will be analysed throughout with differing interpretations explored to ensure diversity both within and between faith is honoured.
