

OAW Religious Education Curriculum

At Oasis Academy Wintringham we offer students a broad and relevant education in Religious Education that will promote respect and understanding of our diverse society.

All students are given the chance, and the necessary support, to take part in open discussions and the opportunity to form their own opinions on a wide-range of topics. They will also be taught ways of accessing information and creating arguments through both skills and content. We aim for to studetns gain the confidence to apply what they have learnt independently within lessons as well as outside of the classroom.

The National Curriculum, as well as the North Lincolnshire SACRE have been used to guide the creation of curriculum in order to create an ambitious and appropriate learning journey. Furthermore, the balance of disciplinary and substantive knowledge in the curriculum will equip pupils with the appropriate skills and knowledge to access the GCSE content in future as we evolve.

RE at Oasis Academy Wintringham
