

# Year 11 Artists work that you may enjoy

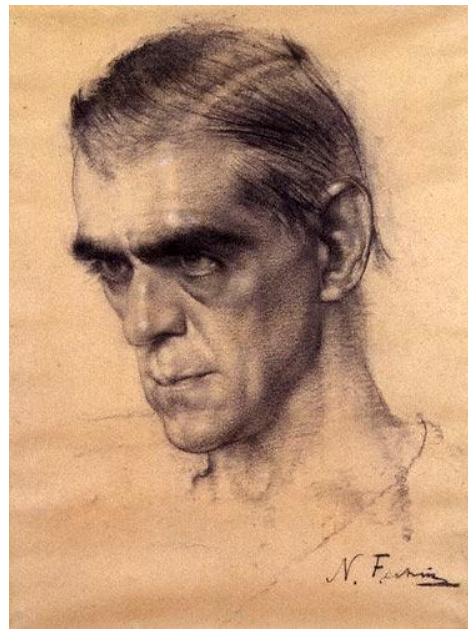

Art is a subject that allows our minds to wonder and to explore our imaginations. Perhaps no more than ever this is a skill that can help pass the hours and to help support our mental wellbeing.

Below are some amazing artists that use their knowledge of the natural world and human anatomy to create fantastical visions and concepts. All of the artists (apart from Nicolai Fechin) are alive and making a substantial living out of their creativity and artistry. These are skills that you have, that you have developed during your GCSE. Use these artists as an influence, find your own sources of inspiration and create art.

**Practical – Try to draw and paint if you get the chance. It’s a great way to pass the time and involve yourself with a creative endeavour.**
