

OCL/HST

21<sup>st</sup> July 2021

Dear Parents and Carers,

### **Covid-19 precautions over the summer and next term**

I am writing to you about our Covid-19 arrangements over the summer and in the autumn term.

I would like to thank everyone for their support this year. Our young people have shown great maturity in following the Covid-19 precautions we have had in place and adapted well to the changes.

As you may know, the Government has published new guidance for schools around Covid-19 precautions to come into effect shortly. You [can read the guidance here](#) or by searching 'Schools COVID-19 operational guidance Step 4.'

As we are so close to the end of term, we will be keeping all existing arrangements in place until the summer holiday. Over the break we will be making changes as per the new guidance.

### **In September, what precautions will be the same?**

#### Hand Hygiene

Pupils and staff will continue to wash their hands thoroughly and often.

#### 'Catch it, bin it, kill it'

We will continue to follow good hygiene around sneezing, using and then disposing tissues safely.

#### Cleaning

We will continue to have a thorough cleaning schedule with regular cleaning equipment and a focus on frequently touched areas.

#### Ventilation

We will continue to ensure that the school is well ventilated.

## **Believe, Achieve, Succeed**

Oasis Community Learning is a Company Limited by Guarantee registered in England & Wales No. 5398529.

Registered Office: 75 Westminster Bridge Road, London, SE1 7HS.

### COVID-19 symptoms and positive tests

Pupils and staff must not come to school if they have symptoms of Covid, have had a positive test, or are required to quarantine. If a pupil shows symptoms at school, parents will need to collect them and request a test.

The household (including any symptoms) should follow the [Public Health England stay at home guidance](#) for households with possible or confirmed COVID-19 infection.

### Risk assessments

Senior leaders at school will continue to meet regularly to assess the risk at school. If necessary and in consultation with Public Health England, we will make changes to our arrangements to increase the precautions we have in place.

### Asymptomatic testing

Testing will remain an important aspect of reducing the risk of infection spreading within school.

As pupils will potentially mix with lots of other people during the summer holidays, all secondary school pupils will receive 2, on-site lateral flow device (LFD) tests, 3 to 5 days apart, just before or on their return in the autumn term.

### Parental consent:

- If you have given permission before and still want your child to be tested in school – no action is required as your previous consent is still valid.
- If you have not consented previously & would like your child to be tested, please provide your consent on MyChildatSchool (MCAS) within the Parental consent section.
- If you have previously consented and no longer wish your child to be tested, please amend your consent on MCAS to revoke your consent.

You will have already been given your own log in details for MCAS, but if you have any queries, please do not hesitate to contact us via [oaw.admin@oasiswintringham.org](mailto:oaw.admin@oasiswintringham.org).

**Please note we cannot test your child without prior consent being obtained.**

**Please also note that consent needs to be given for 'each' child you have in school**

In addition, those pupils and staff who consent will continue to take two LFD tests each week at home in the new term until the end of September, when the government will review this.

Staff and pupils with a positive LFD test result should self-isolate in line with the stay at home guidance. They will also need to get a free PCR test to check if they have COVID19. Whilst awaiting the PCR result, they should continue to self-isolate.

If the PCR test is taken within 2 days of the positive LFD test, and is negative, it overrides the self-test LFD test and the pupil can return to school, as long as the individual doesn't have COVID-19 symptoms.

## **In September, what precautions are changing?**

### Bubbles

The government's new advice explains that they are no longer recommending that it is necessary to keep children in consistent groups (or bubbles). This means that assemblies will be able to resume, lunch service can return to something like normal, and that the pupils will be able to use all the subject-specific classrooms.

We will spend some time over the summer considering what will work best around pupils moving around the academy. It is a requirement of the new guidance that we can quickly move back to bubbles should positive cases rise within the academy or in our local community.

### Tracing close contacts and isolation

After the 19<sup>th</sup> July schools will not be responsible for contact tracing. Instead NHS Test and Trace will contact the family of the pupil with a confirmed case to identify who they have been in close contact with.

In addition, from September children under the age of 18 will not be required to self-isolate if they are a close contact of a confirmed case. Instead they will be contacted by NHS Test and Trace and advised to take a PCR Test.

### Face coverings

From September, the Government have explained that face coverings will no longer be advised for pupils, staff, and visitors either in classrooms or in communal areas.

We know however that staff, visitors, and older pupils may still want to continue to wear a face covering.

Those who chose to wear a face covering must follow the safety guidance around how to put one on and take one off safely.

It is a requirement of the new guidance that we can quickly move back to wearing face coverings should positive cases rise within the academy or in our local community and Public Health England advise us to.

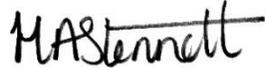

## **Free school meals across the summer break**

Free school meals will be provided across the summer break, which are being provided by the Local Authority. We will be in touch separately with those families that are eligible.

As ever this is a lot of information, but we wanted to provide you with a full update. We are of course pleased that some of the COVID-19 precautions are reducing, however we will only open safely if everyone continues to take the pandemic seriously.

Children must only come to school if they are well, and everyone is responsible for following all precautions that remain in place. As is clear in the guidance, we as a school will be prepared to reintroduce further COVID-19 precautions should it be necessary and we are advised to by Public Health England.

Yours sincerely,

A handwritten signature in black ink that reads "H Stennett". The signature is written in a cursive style with a horizontal line extending from the end of the name.
